

## Clean Up and Paint Up Week

"A stitch in time"—how the old saying applies to the home. Once allow the dirt to accumulate and flies and other worse plagues to develop—and are we not doomed? Can we not all enter into the spirit of "clean up and paint up week" with the feeling that it's all for our own good? Can we find one reason for delay? Can you not here find all the home helps told of in the many advertisements in The Star? Can you not link with the Greater Palais Royal Basement Store all the needs associated with this "clean up and paint up week?"
